Letter Carriers March Ahead

The definite advantages of affiliation for Postal Service employees were well set forth in the report of President Edwin J. Galtner of the National Letter Carriers' Association, which was presented at the convention of the Association recently held at Milwaukee, Wisconsin, the city where the Association was established 80 years ago at a convention attended by 50 delegates representing 100,000 members.

With regard to the membership of the National Association of Letter Carriers, Mr. Galtner said in 1938 it had reached the impressive total of 62,647, with the probability that it would top 65,000 by the time the convention opened. The members totaled only 42,000 in 1937, and two years ago reached 42,397. So the 1938 figure of 62,647 is something to be proud of.

The financial of the Letter Carriers are also in a thriving condition. Mr. Galtner reported that the Association's income for the year ending June 30, 1939, was \$333,033.16, as compared with \$233,067.99 for the preceding two years.

In the field of protection for its members with life insurance and sick benefits the record of the Letter Carriers Association is commendable. The Mutual Benefit Association, organized 42 years ago paid out on life insurance claims \$233,137.37 during the past two years. At present the balance in the insurance fund is \$2,620,133.17 compared with \$1,675,275.17 in 1937.

The National Sick Benefit Association, organized in 1910 to protect members against disability arising from illness or accident, now covers 24,466 members. During the past two years benefits totaling \$22,043.60 were paid. Since its organization, the N. S. B. A. disbursements in benefits have amounted to \$2,327,272.27.

Mr. Galtner paid much tribute to the State Associations of Letter Carriers, which are now set up in practically every State. These Associations, he said, provide the means and the opportunity for men who might otherwise be left to fend for themselves, and to gather in helpful conference.

He also commended the National Labor Council, organized 24 years ago, which, he said, "deserves our friendly cooperation and earnest support and we should tender them freely and gladly."

With respect to the Postal Service workers, Mr. Galtner indicated \$750,000 additional appropriation for letter carriers for the fiscal year ending June 30, 1940. He said that the Postal Service had granted \$100,000 in annual and sick leave pay, and the House bill granting subsidies in the Postal Service is now being considered by the Senate.

Long life and many happy returns to the National Association of Letter Carriers!

Photo-Engravers Progress

The constructive growth and achievements of a typical union affiliated with the American Federation of Labor is well illustrated by the report of Edward J. Vols, president of the International Photo-Engravers' Union of North America, which was presented at the convention recently held in San Francisco, California.

The union's annual dues for the fiscal year ending June 30, 1939, compared with \$655.10 in previous years. The dues for the fiscal year ending June 30, 1939, compared with \$655.10 in previous years. The dues for the fiscal year ending June 30, 1939, compared with \$655.10 in previous years.

Mr. Vols' report reveals that agreements have been made for the 35-hour week, 48 cent per hour the 37 1/2-hour week, and the remainder have the 40-hour week. The first week was \$12.00, and the remainder have the 40-hour week. The first week was \$12.00, and the remainder have the 40-hour week.

The Photo-Engravers' Union is notable for the financial assistance given to its unemployed members. During the last year, the union has paid out \$60,000 in benefits to its members who were without work for the last three weeks of the unemployment period. Post Office Clerks Advance

Forward march is evidently the aim of the National Federation of Post Office Clerks, which was presented at the convention of the union to the twenty-first convention of the Federation held in New York City on July 1, 1939.

In the field of membership, President Leo E. George reported that the union's membership in 1938 was 13,331, an increase of 4,452 in two years. The broad scope of the Federation's membership is well illustrated by the fact that the union has 13,331 members in 1938, an increase of 4,452 in two years.

The State Federation of Post Office Clerks, which was presented at the convention of the union to the twenty-first convention of the Federation held in New York City on July 1, 1939.

According to the report of Secretary William Otto the financial of the Federation for the year ending June 30, 1939, was \$333,033.16, as compared with \$233,067.99 for the preceding two years.

Assistant Secretary-Treasurer John M. Turk reported that during the two years ending June 30, 1939, the union has paid out a total of \$333,033.16 during the year. The union has paid out a total of \$333,033.16 during the year. The union has paid out a total of \$333,033.16 during the year.

From these reports it is evident that the members of the National Federation of Post Office Clerks are justified in taking pride in their organization.

UNCLE SAM'S BIG BLUNDER

(From the Australian Worker)

America is miserably rich. The U. S. Treasury has more money than it can handle, and it is pouring it into the pockets of the wealthy country in the world before the eyes of the rest of the world.

Yet in that amazingly opulent land, the workers are still struggling for a living wage. The workers are still struggling for a living wage. The workers are still struggling for a living wage.

Looks as if capitalism is a great deal more than a system of production in America has eliminated two million jobs at least.

Under any available system of distribution of wealth, that couldn't happen. The living standards of the masses would rise, and their working hours would be reduced, a scientific principle which the increased productivity of the workers would make possible.

Now, where in the world can capitalism manage that equalization? In the United States, the capitalist class are more strongly entrenched than in any other country, they have failed so woefully in their attempts to provide adequate social justice, and the workers are still struggling for a living wage.

32 1/2 CENTS TEXTILE PAY RATE FIRED BY ANDREWS

New Scale Mandatory October 24 Will Affect the Wages of 175,000 Textile Workers

Washington, D. C. (APLWNS)—R. F. Andrews, administrator of the U. S. Department of Labor, approved today a new textile wage scale, which will take effect on October 24. The new scale will take effect on October 24. The new scale will take effect on October 24.

Mr. Andrews said he would have a wage order putting the base rate into effect on October 24. The new scale will take effect on October 24. The new scale will take effect on October 24.
